

HP CLEAR FILM

Keep your projects on track and demonstrate the quality and professionalism of your work with this optically clear, recyclable⁽¹⁾ film. Produce multiple overlays and transparent images with excellent line quality and consistent, vivid color.

Accomplish more with consistent results, vivid color every time

Look to this professional-quality film to present your professional best. This film is designed to provide excellent bleed control for sharp images and strong ink adhesion to prevent ink transfer between overlays. Produce sharp line quality and consistent, vivid color.

Keep a brisk pace from one project to the next

To help you meet your project deadlines, HP Clear Film is designed together with Original HP inks and the Designjet printer to provide consistent, quality performance with every print. Compatible with a wide range of HP Designjet printers using both Original HP dye- and pigment-based inks, this optically clear film provides high-quality, consistent image quality print to print and roll to roll.

Print with the environment in mind

Help meet the environmental objectives of your company—and your clients. HP Clear Film is included in the HP Large-format Media take-back program, a free and convenient return and recycling program. Simply pack up eligible printing materials. HP picks up the shipping expense and handles sorting and recycling.

Target audience

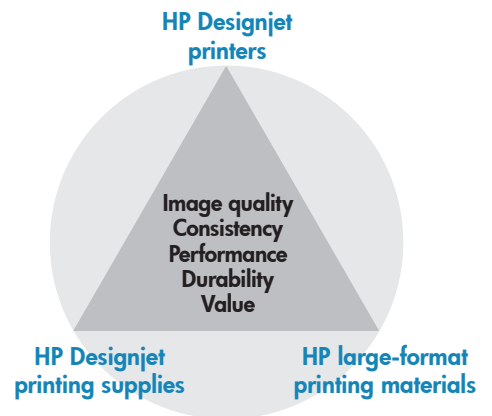

- Architects
- Engineers
- Geographic Information Systems (GIS) professionals

Benefits

- Sharp line quality; consistent, vivid color
- Excellent bleed control for sharp images
- Strong ink adhesion prevents ink transfer between layers
- Compatible with both Original HP dye- and pigment-based inks
- Recyclable through the HP Large-format Media take-back program⁽¹⁾

The HP Designjet printing system—the complete solution

HP Designjet printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to ensure reliable, consistent results with every print.

Applications

- Trade show and event displays
- POP and retail displays
- Geographic Information Systems (GIS)
- Architecture (AEC) and engineering (MCAD)

⁽¹⁾ HP offers the HP Large-format Media take-back program in North America and Europe through which most HP recyclable media can be returned, availability varies. Some recyclable papers can be recycled through commonly available recycling programs. For details visit www.hp.com/recycle. Aside from this program, recycling opportunities for these products are currently only available in limited areas. Customers should consult local recycling resources for recycling these products.
