

HP HEAVYWEIGHT COATED PAPER

Roll or stack your time-sensitive documents right off the printer. Ideal for rich, color-accurate prints, working comps, and design proofs, this heavyweight, premium bright white paper is easy to handle and provides high-quality, consistent results.

Accomplish more with consistent results every time

From line drawings to illustrations and light ink-density graphics, see high-quality, consistent image quality print to print and roll to roll.

Improve your response time

Handle prints with confidence right off the printer. An enhanced coating provides ink abrasion resistance to help you deliver on quick turnaround times.

Gain versatility for a wide range of applications

With this versatile premium bright white paper, you can do more—from working comps and design proofs to fine line drawings and illustrations. Compatible with a wide range of HP Designjet printers using Original HP dye- and pigment-based inks as well as HP Latex Inks, HP Heavyweight Coated Paper enables broad application possibilities and printing flexibility.

Print with the environment in mind

Help meet the environmental objectives of your company—and your clients. HP Heavyweight Coated Paper is PEFC certified as a paper that supports responsible forest management worldwide. And this paper is recyclable through commonly available recycling programs.

Target audience

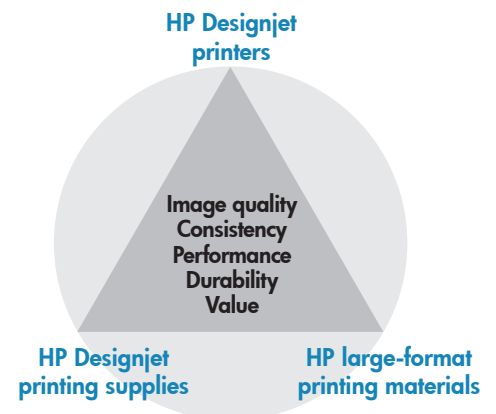

- Architects
- Engineers
- Geographic Information Systems (GIS) professionals
- Graphic designers
- Print service providers

Benefits

- Rich, color-accurate prints and consistent, high-quality results
- Resistance to ink abrasion for easy handling
- 100+ years display permanence indoor;¹ in-window 3 months unlaminate, 2 years laminated²
- Broad HP Designjet printer compatibility
- PEFC certified paper
- Recyclable through commonly available programs

The HP Designjet printing system—the complete solution

HP Designjet printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to ensure reliable, consistent results with every print.

Applications

- Posters and presentations
- POP and retail displays
- Geographic Information Systems (GIS)
- Architecture (AEC) and engineering (MCAD)

¹ With Original HP 83 UV inks. Display permanence rating for interior displays/away from direct sunlight, under glass by HP Image Permanence Lab and/or by Wilhelm Imaging Research, Inc. on a range of HP media. For more information, see <http://www.hp.com/go/supplies/printpermanence>

² Interior in-window display ratings by HP Image Permanence Lab on a range of HP media. HP predictions based on test data under Xenon-Arc illuminant—calculation assumes 6,000 Lux/12 hr day. For more information, see <http://www.hp.com/go/supplies/printpermanence>
